***Allowable Subject Matter***

Claims 15-34 are allowed.

**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: No prior art could be found to teach all of the claimed limitations. In particular no prior art could be found to teach the claimed multi-hop network wherein a source node originates and decides what information to include in an update message. The update message contains topology or link state information comprising one or more of a non-delete update or a delete update. The source node, which is rooted at the path tree, then sends the update message to one or more children nodes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to AZIZUL CHOUDHURY whose telephone number is (571)272-3909. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vivek Srivastava can be reached on (571) 272-7304. The fax phone
